Problem statement

- **Expense Simplification:**
  - Simplify bill splitting and shared expense management effortlessly.
- **Comprehensive Tracking:**
  - Track expenses and manage payments within friend groups.
  - Provide a detailed breakdown of individual contributions and expenses.
- **User Empowerment:**
  - Deliver a user-centric solution for enhanced financial transparency.
  - Streamline financial interactions, reducing conflicts and promoting transparency.

Key Features of the Solution & Stakeholders

- **Users: Group of Friends, Roommates, and Students:**
  - Primary users seeking an efficient solution for splitting bills and tracking shared expenses
  - Desire a streamlined and user-friendly tool for seamless management
- **Developers:**
  - As implementers of the project, we are the internal stakeholders. Our goal is to design, develop, and deliver our solution while adhering to the project plan.
- **Features:**
  - User-Friendly Expense Tracking, Automatic Bill Splitting, Real-Time Balances, Payment Reminders, Expense Reports & Insights
